The following action is in response to the amendment received August 27, 2007.

Allowable Subject Matter

Claims 20, 21, 23 and 24 are allowed. Claims 23, 20, 21 and 24 will be renumbered for printing as claims 1-4, respectively.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a hydrodynamic torque converter as defined in claim 23 and particularly including a pump impeller connectable to a drive motor through a continuously variable slippage clutch, a magnetic torque measurement device generating a torque measurement signal representing an actual torque imposed on the drive output shaft, and an electronic control unit receiving the torque measurement signal and generating a clutch control output controlling a slippage of the continuously variable slippage clutch.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

Receipt is acknowledged of the Information Disclosure Statement filed August 27, 2007. The two documents for which copies were provided have been considered. The other documents were lined through because they were previously considered.

Drawings

The replacement sheets of drawings were received on August 27, 2007. These drawings are acceptable.

Response to Amendment

The replacement sheets of drawings filed August 27, 2007 overcome the objection to the drawings set forth in the previous Office action. Accordingly, the objection is withdrawn.

The amendments to the specification overcome the rejection under 35 USC 112, 1st paragraph, set forth in the previous Office action. Therefore, that rejection is withdrawn.

The rejection of claim 21 under 35 USC 112, 2nd paragraph, is withdrawn in view of the amendment to claim 21.

Art Unit: 3681

Remaining claims 20, 21, 23 and 24 distinguish over the prior art for the reasons set forth above under "Reasons for Allowance". Therefore, the rejection under 35 USC 102(b) and 35 UDSC 103(a) are withdrawn.
